Finishes: Satin Nickel, Matte Black, Aged Bronze

Style: Century (paired with passage lock or thumb-latch of your choosing)

Finishes: Satin Nickel, Matte Black, Aged Bronze

Schlage Encode Smart WiFi Deadbolt

Style: Greenwich (paired with passage lock or thumb-latch of your choosing)

Finishes: Satin Nickel, Matte Black, Aged Bronze

Product Information

- VOICE CONTROL: Works with Amazon Alexa and Google Assistant for optional, hands-free convenience when paired with the Schlage Home app and a voice enabled device
- PEACE OF MIND: Lock and unlock from anywhere, manage up to 100 access codes for keyless entry, view lock history, receive customizable notifications and easily manage multiple locks at once all when paired to the Schlage Home app and connected to a secure WiFi network
- ANYWHERE ACCESS: With built-in WiFi compatibility, you can easily and securely connect your Schlage Encode Deadbolt to your home WiFi network to control and monitor your home from anywhere with the Schlage Home app
- WARRANTY: Limited lifetime mechanical and finish warranty and 3-year electronics warranty, see Schlage warranty for full details
- BATTERY-OPERATED: Uses four AA batteries-included; up to six months of battery life with typical use; low-battery indicator on lock touchscreen and in Schlage Home app provides advance notice; one physical backup key included
- COME AND GO WITH EASE: Auto-lock conveniently relocks the door for you and has a variety of time delay options to choose from or can be turned off completely; One-touch locking from the exterior touchscreen makes locking up when leaving easy

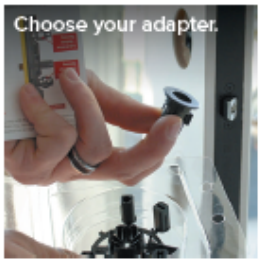

PanoLock+ Multi-Point Lock Used On All 8’ High Doors

Requires Either A Deadbolt or Thumblatch Selection

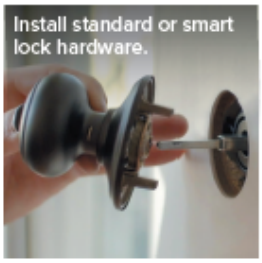

Works with a wide variety of standard hardware, including electronic deadbolts.*

Use of multi-point locks has been limited due to high cost, difficult installation and operation, and the limitations of dedicated handleset hardware required for each lock offering. Not so with PanoLock®+.

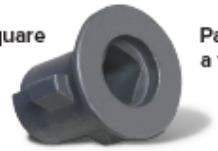

An innovative system of adapters lets PanoLock+ work with a wide variety of off-the-shelf hardware. Both standard and smart locks. Brands like Schlage, Kwikset and more.

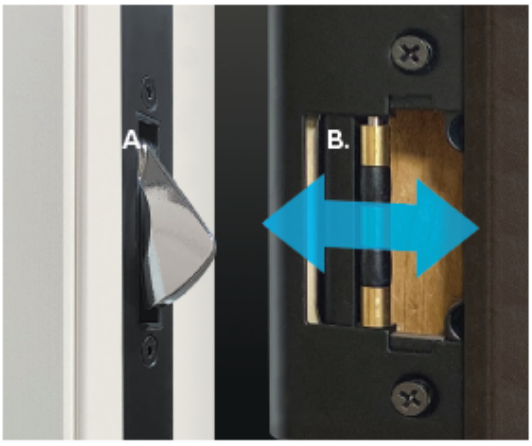

PanoLock+ Square Adapter.

PanoLock+ can work with a thumb press, lever or knob.

A. Tapered bolt. Unlike other locks that tend to catch, PanoLock+’s tapered bolts engage easily, even when the door is out of alignment.

B. Adjustable roller strike. Rollers lower operating force allowing the tapered bolt to gently snug the door panel against the weatherstrip.

Security. Performance. Standard.

Easy to live with.
A simple turn of the deadbolt operates both tapered bolts smoothly and the handle-set operates the handleset latch. Three points of secure contact. PanoLock+ is easy to live with, even after years of use.

Easy to work with.
PanoLock+ is flexible. Handing and swing can be set in the shop, reducing SKUs.

- **No dedicated hardware required.**
- **No need for dedicated panels.**
- **No difficult installation.**
- **No expensive templates.**

Tested and proven.
PanoLock+ has been extensively tested and proven to perform, even in severe conditions. PanoLock+ withstood winds up to 200 mph in structural testing.

- **Operating torque/force tested as low as 2 in/lbs with select handle sets.**
- **Durability Cycle Testing Passed 100,000 cycles.**
- **Air infiltration and exfiltration Tested to A2.**
- **Water Infiltration and Exfiltration Tested DP60 with Z-Articulating Cap sill.**
- **Impact/Forced Entry Resistance Tested Grade 40.**
